## Whoever Comes Close To Hashem Will Be Saved

FROM BINYAMIN GOLDEN, AN AUTISTIC MAN, 2 Elul 5768 / Sept. 2, 2008

I want to say to all of Am Yisrael that every moment that passes, we are coming nearer and nearer to the end. With every passing moment, second and minute, we get closer and closer to what is going to be the most difficult period of time throughout the entire history of Am Yisrael since the exodus from Egypt.

Not only is this going to be the final moments of Am Yisrael's golus (exile); it is going to be the Day of Judgment for the whole world. It will be terrifying, but Am Yisrael, Hakadosh Baruch Hu's bride will not completely disappear from the world as will most of the goyim (gentile nations) [as prophesized in Zechariah 13:8].

Am Yisrael will live on, be'ezras Hashem, and become the foundation for the creation of the perfected world. However, in order to merit this, I am asking my brothers and sisters, the Jewish people, to sit on the floor and cry and cry and cry and completely eliminate your arrogance. I am asking you to do teshuva and repent for each and every sin you have ever committed. Regret them to the point of tears and firmly decide not to sin anymore. Then, come close to our Father in Heaven, Hakadosh Baruch Hu, and never leave His shelter, and have nothing more to do with excessive gashmius (materialism) and the vanities of this world.

Am Yisrael, throughout the next few days and the next few weeks, no shelter will provide you safety except the House of Hashem. In these days, whoever comes close to Hashem, such Jews will be saved both from fear and any other dangers the world is about to face.

In order to better understand our situation, it would be very helpful to read again the previous autistic messages, study them well and then make the big change [to a life of spirituality] .It is also important to read the words of our holy prophets, which are now materializing.

Yidden, Yidden, Zeise kinderlach, (Jews, Jews, sweet children), return to Hakadosh Baruch Hu. Return to our Father in Heaven and live, live forever!
