Frankenstorm: "Heralding in a New Era"

Mommy: Moishe'la you haven't written for us in a long time. Maybe you have something to tell us about the superstorm that hit the Northeastern coast of the US.

Moishe'la: Sure Mommy. I have a lot to say.

Of course the Frankenstorm is a great message and a warning from Shomayim. to Goyim and Jews alike. However this great storm was sent mainly as a message to the Yidden of the Diaspora.

The massive destruction of this storm, appropriately named "Frankenstorm", cannot be ignored. It is heralding in a new era just as the Twin towers when they fell began a new era; this storm has also begun a new era for humanity. From this point on, the world will become unrecognizable in every way. From this point on, the world powers will change. What is called nature will continue to bombard nations all over the world, and a great war is on the horizon. Financially things will fall very hard. The financial situation will be the hardest it has ever been, in all the history of this world.

This warning wasn't a very harsh one, even though many Yidden suffered very much. Still in comparison to other warnings from Shomayim it's relatively mild. True much damage was done, however not every Yid in the path of this great storm felt the damage. Not every Yid was without electricity, and indeed many walked away from this without even batting an eye, because the result had no effect physically on the person. Hashem gave leeway to the Yid to either open his eyes, or keep them shut. I hope and I pray that Yidden in America will open their eyes and see that they received a Divine message, a message that can still be misinterpreted. It can be interpreted that we are so good that Hashem saved us from much worse, or it can be interpreted that the end is coming close, and Hashem is warning us by destroying much of the Egel HaZahav that we possess, but not taking a large toll in Jewish lives. Hashem is warning us that next time it will be much worse if we don't come back to Him and rebuild this distorted Yiddishkeit that has become the Yiddishkeit of America.

I would ask the American Jews to take seriously this warning, take it very seriously. The United States of America is not a friendly country to you anymore. Not that the

state of Israel loves Frum Jews. It does not! The state of Israel is ruled by the same type of people that rules the USA even if they are called Jews. Eretz Yisroel is the land of Am Yisroel and the Reshaim will disappear and we will be left with the Kedusha and with Moshiach and Olam Habah and that's what we want. Every Yid in Eretz Yisroel that cries out to Hashem will be protected. There is no such promise about any other place in the world. Those in Yerushalayim will have particular protection if they cry out to Hashem and try to do His will. Every Yid that believes in HaKodosh Boruch Hu and trusts Him and tries to do His will, will survive Be'ezras Hashem. Every Yid that has a Yiddishe heart for the suffering of his people will be protected everywhere in the world.

Most of Am Yisroel today are Erev Rav. How do we tell who is an Erev Rav? An Erev Rav is someone who cannot cry over the troubles of another Yid. Even if he doesn't come to tears, if he can at least feel a pain in his heart for the trouble of other Yidden, whether he knows the Yid or not, whether he likes the Yid or not, he must be capable of feeling pain for the other Yid's troubles.

Erev Rav hate Kedusha and so does Amalek hate Kedusha. Many Yidden today are from Zera Amalek. Amalek hates Kedusha the most. Amalek has no feeling except hatred for people who are close to HaKodosh Boruch Hu. The Erev Rav also have this, but not as intense. However their whole life is the Egel HaZahav. Those Yidden who are from the Shoresh of the Erev Rav, have turned Yiddishkeit in America, into a plastic superficial Gashmiusdik shell of true Yiddishkeit which has infected the world.

Now Hashem is destroying the Egel HaZahav. Those people who will mourn the Egel HaZahav the most, the Yidden who will refuse to the last moment of their lives to admit that the Egel HaZahav is finished forever, they will be revealed as the Erev Rav.

Hashem has unleashed into the world all the Reshaim that ever existed and at the very top is the snake himself. We are being put under their power by Hashem and they will unleash on us the most terrible situations. All the Sheker is oozing out of every corner and we will feel lost in the sea of Sheker. But those Yidden who are now holding on to truth, and are willing to suffer to hold on to that truth will not lose their balance, will not lose their direction. And as much as they suffer now that's how little they will suffer in the future. Those who are steadfastly holding on to the tail of the Egel HaZahav will be crushed by the same Egel HaZahav. Hashem is crushing the Egel HaZahav and will crush it to the end. There will be nothing of all this Gashmius that's filled the world and almost destroyed the world. Man cannot destroy the world. Hashem created the world and He only can at His will destroy it, not man! The evil ones will be destroyed!

Yes, the worst Aveirah of this generation is the lack of Kedusha. The lack of Kedusha comes when we are steeped in materialism, when we live to gratify our senses and our desires. We cover ourselves as if we are so-called Frum with

Talaisim and hats and beards etc., but inside we are not at all in, most cases, an Am Kodosh. We are not even pretending to be Am Kodosh because many of our wives look like street urchins and things have gone so out of hand that even the most Erlich of people agree to the Pritzus of their wives.

Am Yisroel is commanded to die rather than to become a Goy, to allow himself to be baptized Chas Veshalom. However, we are allowing ourselves to become no better than the Goyim. We are allowing our families to lose all of their Kedusha and I don't have to go into details to what this has brought upon our Frum society, our so-called Frum society. We find very big problems in Kedusha up to the point that there are many serious questions with Mamzairim etc. Therefore, when our Kedusha becomes challenged, when our Kedusha turns into impurity then Am Yisroel ceases to exist, chas vesholom.

This also brings to conflicts because it's not only the Kedusha of the body, but also the Kedusha of the mind, of the desire for Kovod and power and that brings us to the subject of Shmiras HaLoshon. All these conflicts that are raging among the Frum Yidden bring us down to the bottom of the barrel so-to-speak, and between our lack of Kedusha and our great lack of Shmiras HaLoshon, make us all but lost, all but lost.

The lack of electricity is basically the end of the Egel HaZahav as we know it. Because without electricity we are cut off from all the very worst of the Egel HaZhav. The problem is that even for our basic every day needs we have become dependent on this electric and this is a very sad situation that our everyday existence is connected with the Egel HaZahav. So now like in Mitzrayim we are going to have to depend ONLY on HaKodosh Boruch Hu and that's the real way a Yid should live.

Another thing is that people can get ready in all kind of ways to deal with being without electricity: generators, batteries etc. But the message is not about that. The message is to depend only on HaKodosh Boruch Hu and He will save you.

There are those that will cry out "but we must do Hishtadlus, a Jew must do Hishtadlus!" However, there won't be any Hishtadlus that you will be able to do. So if there is nothing to do then you just have to trust Hashem till the end.

Don't you see that the world is falling apart?

I only want to tell you this, that if the Yidden in America ignore the warning that Frankenstorm brought with it they will be very sorry. Very soon the anti-Semitism that has been hidden more or less since the Second World War will raise its head again in a fierce way in America and all over Europe and most of the world.

I'm saying this not as a Chiddush (something new) but because we are already seeing it happen and Yidden are trying to ignore it, but soon it will blow up in their faces and this will be another message.

The Yidden in Europe suffered Gehenom on this earth but why? Because they were not keeping the Mitzvos not even the most basic ones. The much smaller percentage of those so called Frum were also riddled with the mindset of the Haskolah. True there were Tzadikim of a great level and Chasidim also on a great level but the percentage was very small in comparison to those who have been tainted by the Haskolah. But in our generation over sixty years since the end of world war two we almost don't feel the anti-Semitism it's not in style or wasn't in style but now things have changed, most governments are criminal governments that like nothing better than persecuting Am HaKodesh and because we have lost most of our Kedushah we are left unprotected against the evil that has taken over the world.

However the Yidden who trust only in Hashem and walk through the valley of death with out any fear because Hashem is with them those people will survive.

Mommy: Why does the moon looks so interesting tonight?

Moishela: On this day the 17th of MarCheshvon the moon here in Yerushalyim Ir HaKodesh was extremely beautiful but frightening also. A little star and a huge bright moon with a halo around it, a moon framed by clouds rippling in the back ground a very impressive sight, the star and the moon show us a great and frightening war will be here soon, all those who trust in Hashem and are not afraid of bombs and soldiers, lack of money, or being hungry, HaKodesh Boruch Hu will provide everything for his true people that trust him and are with him, for those who love him and love am Yisroel.

This is the difference between what will happen now and what happened during the Second World War. In this conflict which will be a thousand times more frightening than World War Two the Yidden who hold on tightly to HaKodosh Boruch Hu will live they will survive Im Yirtza Hashem, those that not will not.

In the Second World War Reshoim Tzadikim and Bainonim were all killed, in this conflict Hashem will forcefully return all true Yidden to the emes and save them but Amelak and Arev Rav will be wiped out of existence.

Am Yisroel the true Jews among you please come together scream out to Hashem beg him to forgive us cry many many tears cry until you have puddles around you and beg Hashem to end this world of lies and bring us to the truth to Olam Habah, please beg Him Am Yisroel.

Why are so indifferent how can you keep going to your parties and dancing with Gashmius when the whole world is in danger? How do you dare play stupid games with your Tzitzis hanging out of your pants to your knees and your Payos flying in the wind stupid games? Silly pass times waste of time which is a cardinal sin in Yiddishkeit.

How can you ladies you Yiddishe Mamas walk around with short tight skirts open necks and shaitels that look like and really are real hair? It makes you look unmarried, you paint your faces which is absolutely forbidden and you sit in restaurants and show your glutteny, you go to Europe to Daven at graves of Tzadikim to beg them to give you wealth.

Hashem for years now has been making Am Yisroel ill. The hospitals are filled with Frum Yidden She Lo Nayda. People are dying in great numbers even though supposedly we are such tzadikim and give so much money for Chessed so why are so many people dying She Lo Nayda and why is the so called cure so torturous for so many? WHY?

Don't pat yourselves on the back and say they are dying to make a Kaporah for the generation it's not true, they are dying in order to make you cry and make you beg Hashem to cure them!! But we bury the dead and forget the Tefilos and go about our business as usual.

Don't you see that the world is falling apart? Don't you see that even the Goyim are speaking seriously about Armageddon – the end of the world? But you my dear Jews are still up to your old tricks, you are still deeply interested in your money making and your Loshon Hora in your habits that are not quite kosher in your gluttony and in your desires, of course there are those who are still trying to live a life of truth but they are very few, so therefore my dear fellow Frum Jew please cry out to Hashem with tears do teshuva on all your Avairos list them one by one come back to the truth get rid of your excessive Gashmius crush the Egel HaZav into fine dust and throw it to the wind.

Jews all over the world are in big danger

I just want to say that the world is falling apart and the United States of America no longer exists. **I'm not a prophet and I can't say for sure, but I believe whole heartedly, that Barak Obama will be president once again. And I also believe that American Jewry is in big danger.** I also believe that European Jewry is in big danger, and probably Jews all over the world are in big danger. But even though we went through the Nazis and suffered so much; so many Yidden were killed in very gruesome and sadistic ways, so many homes abandoned, so many lives destroyed, so many people suffering just because they were Jews.

Soon the Jews will be targeted again, and this time it will be even worse, because it will be the Jews all over the world and there will be no place to run. And when every Yid (that can get there) has arrived in Eretz Yisroel, at that point or near that point all the nations of the world will come against Eretz Yisroel. And that's when Hashem will show His might. He will show that He is the Ribbono Shel Olam, the Creator and the Ruler of the world forever. Until then I beg my fellow Jews, I beg you come close to HaKodosh Boruch Hu. It's the only way to save yourself. Do it with all your heart and soul and try, try very hard to leave the countries that you have been guests in for two thousand years and come back to your home, come back to Eretz Yisroel the land that Hashem gave to Avrohom Avenu and to his descendants.

The time is coming very soon! If you don't make a move soon then it will be infinitely harder afterwards. True, Hashem will save all true Jews but it will be so much harder. The Yid that now picks himself up when he still has some gashmius left, and rejects it, and comes to Eretz Yisroel, has an enormous Zechus and Hashem will never abandon him. If he cries out to Hashem and puts himself in danger by coming to Eretz Yisroel, Hashem will never abandon him.

This Hurricane Sandy was a great warning, but the warning is only beginning. Within the next week or two there will be very shocking things happening. Hopefully more Yidden will wake up. Hopefully we won't have to wait too long for the Geula. I Daven every day and every night that our Yiddishe Folk will see the truth and will prepare themselves, really prepare themselves for the coming of Moshiach.

I'm very sad. In this last storm Jewish lives were lost and also homes were lost. People are destitute. People have gotten a very big shock, and I feel bad for the Yidden who suffer, but they just aren't listening! They don't listen to Hashem. They are not being what they are supposed to be. Many have gone so far afield, that their Yiddishkeit is almost unrecognizable except for the fact that they still wear Tefillin put on Tzitzis Talisim and so on.....

Mother: I heard about long gas lines. Why aren't they giving out the gasoline in the areas affected by the storm?

Moishe'la: They want the suffering to be great. They want riots to begin. They want everyone to be unsettled. They want everyone to be miserable, and then they can take over.

Father: How come the Rabbonim don't tell the people to come to Eretz Yisroel?

Moishe'la: I don't know, the Rabbonim are interesting in America. Most of them are just as much in the Gashmius as anyone else. Don't forget the Divrei Chaim z"l said clearly that at the end of time most of the Yidden and even the Rabbonim will be Erev Rav.

I want to tell you that the tragedies have not ended. I want you to understand that America has become an ugly place. The United States has lost its beauty. It's lost its freedom and it has become a dangerous place, especially for people who believe in Hashem. But not only are the Jews in danger but believers of all kinds that believe in G-D are in danger Christians, Muslims, Jews. But as in every society where Amalek and Edom rule, there is a special enjoyment and feeling of elation from persecuting Jews and this is soon going to be in the United states as well.

The camps are ready. All that has to happen is Martial law, and from that moment the real suffering begins. And don't think that if you are in Israel the long arm of the "New World Order" the American-style New World Order, won't try to persecute the Jews in Israel. They will probably start with American Jews for all kinds of reasons.

I want to explain that wherever we are in the world we are in danger, however I want to reiterate that the only place now for a Jew, is in Eretz Yisroel. Because here Hashem will protect all those who cry out to Him for help, and sacrifice to be Yidden. Those people who believe very much and trust HaKodosh Boruch Hu will come to Eretz Yisroel and they will get much credit for coming because it's not easy. There are those who live here already, but don't trust Hashem. If they start to trust Hashem, they will also be given special treatment from Shomayim. All those who believe and trust in Hashem, all those who cry out to Hashem for help, and live in Eretz Yisroel, will have special treatment.

I also want to say that the Erev Rav which have taken control Kivyachol of our communities, of our cities, of the government of the Zionists, of the Knesset, those people even if they cry out to Hashem will not be helped. They are not really crying out to Hashem because they are not really believers in Hashem .The minute that things settle down, The Erev Rav will go back to their treachery so they are lost! But the true Jew whose Neshama was at Har Sinai will always be Hashem's special son or daughter, always be closer to Hashem than any other people of the world.
