Darach Kochav Mi'yaakov

Oy Mommy, Oy Mommy. Scandals, scandals and more scandals. All the dead are being dug up and all the stories rehashed in great and sometimes often disgusting detail.

All kinds of things are happening in the world that would have one time seemed unbelievable but in our world today it just makes goodnight reading which in the morning one duly forgets about. We are not impressed anymore by threats of nuclear war, we are not impressed by threats of total worldwide financial collapse, we are not terrified to hear that maybe in the near future a giant planet passing by our earth could possibly cause the death of most animals and human beings living on our planet. We have for the most part become Zombies, Golems not realizing at all not even wanting to realize that we are in danger of total extinction Chas Vesholom.

We believing Jews have our prophecies, our Nevuas which say that Am Yisroel will survive. All of the true Am Yisroel, not the Erev Rav, but the true Am Yisroel will survive. But not all of us know for sure that we are true Jews even if we can trace our lineage several generations, it does not mean we are true Jews. So it's time to do Teshuva but it's so difficult to do Teshuva so very difficult to do Teshuva. We will wait until it happens. Rather read a book now. Maybe see a movie on the forbidden iPhone or maybe just go to sleep. We have time. Maybe it's not even true. Maybe it's some kind of conspiracy theory. I am good for sure. I am a Jew, I have nothing to worry about. I have a Rebbe and he does not tell me anything like that. Let's just forget it and why should I even think about it. I think Jews like that should be ostracized, should be kicked out for saying such crazy things, that Hashem would actually kill Jews, good Jews, unbelievable! It's wrong! We should kick these people out of our Kehillas!

These so called good Jews that feel this way have a big surprise in store for them. Am Yisroel, you don't have to believe me but one day you'll look up at the sky and you'll have the shock of your life. Just try to make sure that you have at least five seconds to say Shema Yisroel because if so then maybe Hashem will save you.

It's time to do Teshuva before the event happens! Whatever event will be the main one, I can't tell you for sure but I do know that most of the world, two thirds of the world will be destroyed. One third completely one third will be hurt very seriously and one third will survive without damage and Eretz Yisroel is in that last third.

For those of you that are Jews I will remind you that what I am saying goes according to Prophecies, Jewish Prophecies, and if you don't believe it than I feel sorry for you because it probably means that you are not really a Jew. So Am Yisroel you should have a lot of Siyata Dishmaya to be able to know what is the absolute Truth and never, never for one moment think that this world and all its inhabitation in the whole universe and everything in existence doesn't have a Creator. Never ever think such a thing! Because you'll be lying to yourself and what I have just said is the absolute Truth.

I wish all Am Yisroel a Kosher Pesach and a Chag Somayach. We should all be Zoche to greet Moshiach Tzidkainu B'Simcha U'vrachamim, and remember if you decide not to believe what I have said and only at the last minute you realize the Truth, I suggest very strongly you say Shema Yisroel and be able to save your poor soul. If not in this world than in the next.

Gut Shabbos.
