# **The Jewish Neshoma Will Never Perish**

This week IY"Y will be a turning point. I can't explain it but when it comes you will see that it's going to be a turning point. I think I can even say that after that turning point, life will be very different for the whole world. People will be frightened even though they may not physically feel the effects of it right away, but many will feel the effects right away. There will still be room for the lie that everything will be all right. The lie that life will go on as usual will still be able to creep in to our way of thinking. But as time goes on everyone will realize more and more that it is a totally different world, a very dangerous world. It's true that the Third World War has already begun, however we still don't see the total breakdown of civilization. We did begin to see it here in Eretz Yisroel. The Europeans are seeing it with all the refugees coming in. Also they see it in United States of America, but all over the world it will become much more evident. It will become more dangerous in every corner of the world.

I beg Am Yisroel to Daven. Men should be very scrupulous putting on Tefillin every day. Davening three times a day with a Minyan Shacharis, Mincha, and Maariv. All men should be careful to wear Tzitzis and to learn Torah. I suppose it sounds funny to say this to Frum people but unfortunately many so-called Frum men have forgotten these basic things and have become very lax with these Mitzvos. Most Jewish women have become very lax in their Tznius and therefore I beg you, change your ways. It will be to the benefit of yourself, your families, and all of Am Yisroel. It will be a protection against the coming total breakdown of the world, Hashem should help us. I beg all Am Yisroel come back to Hashem whether you think you are close to Him or you know that you are far from Him. Those that are close to Hashem, work hard to get closer and those that are far from Hashem had better get back to the Truth.

The only way we can survive this next time period before Moshiach comes and brings us to Olam Habah is not by our own physical power but only by becoming

close to Hashem. We won't have to fight physically. We won't have to lift a finger in that direction. We won't need Tzahal or the Yassam police (a riot and crowd control unit) to protect us. We won't need the American soldiers to protect us. We won't need NATO or the UN to protect us. They won't be around anyway. The only protection we need is from Hakodosh Baruch Hu.

Am Yisroel please I beg you do something. Go in the right direction. Come back to your Creator to the Hakol Yachol and let us all be Zoche to greet Moshiach Tzidkainu in the near future, Be'ezras Hashem!

**Q:** Does the burning of Kever Yosef Hatzaddik Erev Shabbos Parshas Noach have to do with Moshiach Ben Yosef?

**A:** Not directly but it has to do with the Geula. The Reshoim are trying to destroy Am Yisroel. It's one of their main goals, and for centuries it has been their goal. Now they think that they can fulfil it. Yosef Hatzaddik is one of the greatest examples ever of a Jew that gave his whole life to be with Hashem, to be a Tzaddik and not go against Hashem in any way. That's what the Goyim want, to destroy because if they destroy that ability and desire in every Jew to go in the way of Hashem, to come closer to Hashem and to do His will then Chas Vesholom they will win. They can't win because every Jew is born with the ability to achieve eternity, meaning that no man can destroy him if he keeps the Torah and recognizes Hashem as the Hakol Yachol the Creator of the world and tries to live according to this. Then no human being can destroy him.

All those Neshomas that were at Har Sinai and said Na'aseh Venishma will survive and achieve Netzach - eternity. That eternal gene is part of every true Jew's makeup. No one can take it away from him and no human being can destroy him, even if he is, Chas Vesholom, killed by a Nazi or by an Arab, even if his body is thrown into the sea or burnt by anti-Semites. This Neshoma with its inborn eternity will never perish. This Neshoma will be reborn with a new body and continue to praise Hashem and His Torah, continue to go higher and higher closer and closer to the Truth forever.
