## **Ayekah? Where are you?**

*Ayekah? Ayekah?* Where are you? Where are you? *Am Yisroel, Tishah B'Av* has passed. The world is crumbling from every side economically, wars, great wars on the horizon and smaller wars have already begun. Nature, as the non-believers call it, has attacked the earth in a most horrendous way. Crime in the world is way up and all kinds of violent demonstrations have put fear into quiet cities.

The world is shaking and breaking from every direction, but *Am Yisroel* you are sitting quietly. You have no fear. You don't realize that *Hashem* is speaking to us, even when *Hashem* sent two killers; one to kill little *Leiby Zt"l*, and one to kill the *Tzaddik HaRav Elazar Zt"l* in the most bloody way, the most vicious and violent way. Still you sit quietly as if you are not there. Where are you? Don't you realize *Hashem* is talking to you? Don't you realize *Hashem* wants us to do *Teshuva*? Don't you realize that you must, must in the very near future change your style of life, throw away the toys, throw away the lusts, and become *Am HaKodosh* again? Don't you realize you are getting a last chance?

*Yerushalyim* was surrounded by *Nevuchadnetzar's* army for three and a half years and the Jews still felt that they were the ones keeping his giant army at bay. They never even considered that it's *HaKodosh Boruch Hu* that's trying to save them in three and a half years of fighting and starvation. They still didn't wake up. If only at the last minute they would have done *Teshuva*, the Babylonian army would not have had a chance. However, we are a stiff-necked people and we don't want to know. We want to do what we want to do. We are ignoring *HaKodosh Boruch Hu*.

I'm speaking not only to *Chilonim* and to *Datiim Leumim*, I am speaking to the *Frum*, to the *Charaidim* who have taken their *Yiddishkeit* and turned it into the *Egel HaZahav*. I don't know what else to tell you. I can only tell you this for sure. You are getting now a week, maybe two, maybe three to change yourselves, because if not the full weight of the *Din* is going to fall on you and you will not survive to greet *Moshiach*.

Those who do *Teshuva*, who do realize what is happening, who do know that *Hashem* is giving us a very stern and grim warning, those true *Yidden* will greet *Moshiach Tzidkainu* bring *Korbonos* once again, and *Be'ezras Hashem* live again life in a complete way, and not with all the suffering of this terrible *Golus*.

I want to say that the warning that I gave is serious, very serious. Now is the time to realize what the truth is, because soon very much of the world will be absolutely destroyed and very, very much of the population of the world will disappear. I only want *Am Yisroel* to be saved I am very worried because it looks like most of the *Yidden* are fast asleep.

I already gave a list in a previous message of what has to be done. There is even more to the list than I gave, but if you will start with the main thing *Kedoshim Tehiyu*, *Am Kodosh* that's the very base of everything, to be again an *Am Kodosh*. For that we must get rid of all the *Goyishkeit*. Since the killing of *Leiby zt"l* the world has changed extremely. And soon it will change much more and it will be very frightening.

Q: What do you have to say the *Yidden* in London?

A: To the *Yidden* in London, I say wake up. *Ayekah*, where are you? You are sleeping. You are not even sleeping, you are in a coma. I don't know what's wrong with you! You are so used to your easygoing life and the easy way you make a living. You can just wander around from place to place enjoying your comfort and your steady income, but it's all going to end and then where will you be? Where will your *Yiddishkeit* be? *Ayekah, Ayekah*, Where are you? Where are you? Wake up! *Hashem* sent those thugs who are rioting in the streets of London and other cities in England to wake you up a bit. However since this street violence didn't get to every Jewish road in Stamford Hill, or Hackney, or in Golders Green, so you'll just sit back and say, "Well, it's not in our area. We'll still be able to manage here". The Jews in England are due for a very big, nasty surprise.

Q: What do you have to say to the *Yidden* who vacation *Shabbos Nachamu* in America?

A: Those *Yidden* who don't cry over the *Bais HaMikdosh* are in big trouble. Foolish people, read your history. You are acting just like the *Yidden* before the first and second *Bais HaMikdosh* was destroyed, and millions were killed by the sword and other gruesome ways. Wake up! Wake up! This is the end. This is our chance for eternity. Wake up!

Q: Moishela, why do you look so very sad?

A: Because I told you I can see terrible things happening to *Yidden* who don't come back to *Hashem*. I'm not speaking of *Yidden* who have done *Aveiros* and are sorry for them. I am speaking only of *Yidden* who don't even think about their *Aveiros* that want to just have a good time, a good *Gashmiusdik* time. They have some distorted view of *Yiddishkeit*. Come back! Come back, or you will be destroyed, *Chas VeSholom!*
