# **Only Hashem's Army Can Win**

I am so upset even though I really shouldn't be, because I know that this is only part of the process, only part of the process of throwing off the yoke of this world of lies, and being able to greet Moshiach and march into the world of truth. However I'm still only a human being and the things that are happening lately are so disturbing to me, so absolutely disturbing that I cannot find peace anywhere.

This Medinas Yisroel is getting on my nerves already. This product of the sinister Erev Rav that built a state that from the beginning was intended to be totally Chiloni and totally not connected to Hakodosh Boruch Hu, and now we are seeing the true face of this so-called state of Israel. We are seeing that although it manages, or rather the leaders of the State of Israel manage to play on the heartstrings of Temimusdik Jews who have suffered tyranny and death at the hands of angry Goyim, jealous angry Goyim that want to destroy Am Yisroel and deny Hashem's existence. These same people that desired a homeland where they could be true Jews and come close to Hashem, just doesn't exist, because the leaders were and are not today believers. Not only are they not believers but they are bent on destroying all belief in Hashem, The Ruler of The World. They want to be The Ruler of The World. They want to be the Hakol Yachol, Chas Vesholom, but that is totally absurd and impossible.

However their great plan is coming into view, and all of those Jews that don't understand this are going to pay a heavy price. We the true Jews that our Neshomas were at Har Sinai, that we said together Na'aseh Venishma, we are going to be called upon to resist all of the plans of this government of Erev Rav to destroy Am Yisroel and its Torah. We're going to be called upon to say, "No, we will not let our baby boys enter the Bris with Hakodosh Boruch Hu, with a doctor instead of a Mohel doing the Bris." No, we are not going to send our sons to the army that is full of loose uncouth non-believers and in very many instances many soldiers are Goyim. We cannot expose our sons to an army that condones foul language and loose morals and a hatred of Hashem and His Torah. We're going

to have to say, "No, we are not going to eat Hechshers that are controlled by the State of Israel, by the non-Frum who have their own ideas about what Kosher should be." We're going to have to say no to every so-called law that according to the non-Frum logic requests from us to put our Torah aside, our Mesorah aside, our 613 laws aside, and do what they tell us to do. We're going to be called on to say, "No, absolutely not!" Therefore I am very worried and very afraid. I don't know how many Yidden of today have the strength to say no, especially when so many of us have fallen so low. I just hope and pray that the Jewish Neshoma, the strong Jewish Neshoma will come to the forefront and we will all together shout and scream at the top of our voices "Shema Yisroel Hashem Elokainu Hashem Echad!"

Mr. Lapid thinks that he can tell us who is shouldering more or less of the responsibility for the country. I suggest to Mr. Lapid that he should also let everyone share the responsibility by making the Chilonim serve as we are supposed to serve three years in the army, and they also like us should give that many years as well to learning Torah in a real Yeshiva, because there's not been one war since 1948 that hasn't been won by pure miracles and nothing more. So really the only army is Hashem's army. Only Hashem's army can win the wars. Therefore part of their training has to be the true Jewish training which is to learn to Daven and, to learn Gemorah and so on and so forth. It's just not fair not to teach them, not by Chiloni teachers, but by experts in their field, true Rabbonim, true Talmidai Chachomim, true Shomrei Mitzvos. Yes, Mr. Lapid you think that a Shikkur that jumps on a table in a pub and dances, has enough Sechel, enough Chutzpah to say to Hakodosh Boruch Hu, to the people of Hakodosh Boruch Hu, trying at least to live the right way, no you have to share, have to share in what we decide is responsibility to the state, a state that should never have come into existence in the first place. But it did come into existence, and of course Hashem has His plans but without Hashem it never would have been.

I can only say that looking at the people that are behind all of this, I can only say in a very sad way that none of them seem to have Jewish souls. They have no sensitivity to their Judaism or to the Talmidai Chachomim or to anything. True we are living in a confusing time when many Chareidim are doing things that once would be absolutely forbidden. True today even some of our Rabbonim are making Halachic Rulings that are far from rigid. We have seen a very great fall in

Tznius and in learning. Oh, people are learning but it's not the highest level, and it's not very often with a heart and a soul. We see very many Frum Jews not Davening the way they should be. We see very many weaknesses in our own Frum society. But Mr. Lapid with your mug of beer and your dancing on the table in a pub like a Goy, you're not going to make it. No one, no one including your father, including everyone in this State of Israel, including all of the biggest Reshoim in all of history anyone who has gone against Hakodosh Boruch Hu has fallen, and so will you. But one thing I'll tell you, you won't succeed. You'll never succeed, not you and not your Prime Minister, and not your President, and not anybody else that's backing you, not any other person in the whole world from the biggest to the smallest, no one will succeed against Hakodosh Boruch Hu. He will only with a slight movement destroy all of you, and you will never have Netzach (eternity). I warn you not to start with Hakodosh Boruch Hu. You could do all kinds of Aveiros, but to fight against Hakodosh Boruch Hu directly, you'll never win and you're going to fall so hard that I really don't envy you.

And now, I just want to say to our Yidden, to the true Yidden that we're going into a very very difficult time. Be strong. Don't give up. Know that you're going to have to sacrifice and hold out and not forget that we the have responsibility to keep every single Din every single commandment of Hashem, and not weaken on any one of them. We must not give in to any of the demands of Yidden who are questionable as far as being Yidden. I am begging Am Yisroel and telling you the only way to survive the terrible destruction that's going to be in the whole world is firstly to try to be in Eretz Yisroel. The Jews of America, England, Europe or wherever, the true Jews, the true Erlicha Yidden will be saved, but it will be very hard. Whoever's here in Eretz Yisroel will have it easier in many ways, even if the initial coming might be difficult, but at the end of the day it will be easier.

Secondly we have to close ourselves off. In the past the Goyim put us into ghettos, but we envied those who could get out of the ghettos and live among the Goyim. The moment that the Goyim allowed the Jews to leave the ghetto, the Jews went streaming out trying to shake off their Yiddishkeit and become like the Goyim. But we, Am Yisroel now in Eretz Yisroel, we have to build the walls of the ghetto back up, and go inside and lock the door and not try to be with any of the groups that are trying to be part of the Goyisha, Hellenistic world. The sons of Esav, the descendants of the Greeks and the Romans are trying to take over Eretz

Yisroel and they seem to be managing it. There will soon be foreign troops on this soil, and when that happens you'll know that everything I'm telling you is correct. We already have foreign troops on this soil, but soon we are going to have many more, and I want you to remember what I say. Go into your homes. Stay close to your Shuls. Stay close to Hakodosh Boruch Hu. Put up the walls of the ghetto, and don't let the foreigners in. Keep them out, and let us stay close always to Hakodosh Boruch Hu. That's what He wants. He wants us to be different. He wants us to be close to Him. He wants us to do his Ratzon and to live only for that.

I want to say that very soon it's going to seem like the world is turned up-side-down. In the end, Be'emes the world will be turned up-side-down, but remember this world is only an illusion. This world of ours now that we were born into is only an illusion. Every single bit of it from the stars in the heaven to the earth below, it's all an illusion. And when we get to the time of Moshiach, we're going into a new reality that we never saw before, that we never dreamed of before. Even those who are big Talmidai Chachomim will suddenly feel what it means to be released from the bonds of the Yetzer Hora, no Yetzer Hora. You don't understand how that is going to affect us. You can't realize, because you don't know every little corner in our beings that the Yetzer Hora gets to, and once we're free of that we'll all be confident and happy and calm and open only to the spiritual world and we'll be so close to Hakodosh Boruch Hu and that will be our total Simcha. That's what we're going to love the most, just basking in the light of Hakodosh Boruch Hu.

I want to say to all Am Yisroel, be strong of spirit, of mind, and of soul. We're coming to the end. Just hold on to Hakodosh Boruch Hu, Kivyachol, and don't let go, and we will all be saved.

# **They Want to Destroy Yiddishkeit**

I will speak about the very impressive Tefillah that was yesterday in Yerushalayim. Undoubtedly it was something very special, something that could only have been done with so many Frum Yidden coming together to say Kriyas Shema and Amen to one of the most special Brachos that exists for Yidden. Of course they Davened Mincha and so on but these were the two highlights of the day. This gathering of all the different groups of Am Yisroel together in one place without arguing and fighting over silly things, but coming together with one purpose, to Daven to Hakodosh Boruch Hu to ask Him to save us from the dreadful Amalaikim and Erev Rav that are running the State of Israel. But beyond all that, just seeing everyone Davening together in unison not caring whether the Baal Tefillah is a Chassidisha or a Litvisha or a Sephardisha, just Davening to Hashem together it's unbelievable! Other people felt that politics are still there behind all of this, and that because of this, this gathering cannot fulfil its true purpose because supposedly the undercurrent of what is happening is political.

However, even though it is not yet perfect, it definitely is a start and even if it doesn't happen again until Moshiach comes still it is bringing in a new era for Am Yisroel. It is bringing in an era in which the main goal is to be willing to have Mesiras Nefesh. We have to be willing to give even our lives, (hopefully we should never need to do that,) and be willing to do anything to hold on to our Yiddishkeit.

We are surrounded by evil people. We are surrounded by people that want to destroy Yiddishkeit, not only in Eretz Yisroel. You must understand it's not only the Erev Rav and the Amalaikim and the Edomim that are running this country, it's also in every country of the world. The evil ones want to phase out Frum Jewry. In their minds the religious Jews are a danger and must be gotten rid of. All over the world these evil ones also want to get rid of not only the Jews, they also want to get rid of all religious Christians. They want to get rid of all Christians that are willing to die in order not to be enslaved or forced to be something that

they know is wrong. They want to get rid of every religion in the world, anyone that adheres to any religion. However Judaism is at the top of their list, because it's the most dangerous, because it's the only true belief and Hakodosh Boruch Hu is the only true G-d. There is no other G-d, only Him. The rest is all a figment of people's imaginations. Hakodosh Boruch Hu is Emes and therefore we are at the top of the list for being separated from our belief in the only one and truly G-d, Chas Vesholom.

Therefore Eretz Yisroel has become the place where these evil ones want to rule, want to rule the world from here as I've said before. They have managed to infiltrate the government to the very top and soon they will be infiltrating every governmental building, every governmental office in the country. They have infiltrated even the army and they want to destroy us the Chareidim, the Frum.

We've been living a life of ease. Monies run through our hands easily. We haven't been in want of anything since we arrived in this Medinas Yisroel. I would say that after the Tzena, no one has been in want. We always had food, we always had everything we needed, and if we didn't have, we just hopped on a plane and went and Shnorred in America or in England or in Europe and usually we came back with our pockets full. However the world has changed. Money is not so readily gotten, and these evil ones have started a war against Am Yisroel, the true Am Yisroel, the real Jewish Neshomas, the ones that are trying to live and do Ratzon Hashem. This is very terrible and it's going to get worse. They are already planning, all the terrible laws they want to pass in order to destroy our Yiddishkeit, and it will be up to us to hold together and say, "No, we will never, never go against Hakodosh Boruch Hu, never, no matter what." We have to fight it by refusing, by closing ourselves away in our own areas, putting up Mechitzas between us and the evil ones. We must make our own Botai Din and make sure that our Mohalim are not the doctors that they want to send. We must make sure that a Ger Tzedek becomes a Ger Tzedek in the proper way, and we must be sure that among us there are no Malshinim. We must, try very hard to only live by Ratzon Hashem. We must not fight with each other. We must not go against the Truth. We must hold together with the values that always kept Am Yisroel alive.

There has never been a Rasha that attacked Am Yisroel whether within or without, that wasn't punished in the worst way. No one that raises his hand

against us ever lives. He is always destroyed. So these evil ones who are supposedly so intelligent, don't even know basic history that shows clearly that anyone that raises an arm to destroy the Yidden will be destroyed himself. They don't even know what to be afraid of. Their hatred for Yaakov is so strong that they are willing to commit suicide to get rid of us, but it won't help them because these are the final hours of the Golus. We can all feel it already. We can taste it with our mouths. We can smell it with our noses. We feel it on our skin, and the taste is very bitter, but we will succeed, and we will go higher, and we will stay with Hashem, and we won't let go, and we won't give in to them. We, Am Yisroel, are going to survive Be'ezras Hashem, and we are going to greet Moshiach Be'ezras Hashem, but you Reshoim unless you do Teshuva, which I doubt very much that you can, you are not going to make it. You are going to realize at the end your terrible mistake. There are those among you, that even when you realize your mistake, you won't do Teshuva. And there will be those that at the last minute will try do Teshuva, but will fail because they don't know what Teshuva means and therefore will never have Olam Habah.

So we are going into a different era now. The materialism wont flow like it did. It has already stopped flowing like it used to. We are going to be persecuted for our beliefs in every place in the world. You Jews in America and in England and in Europe, don't think that you are not going to be persecuted also! We are all going to be persecuted. They are going to try to take away our Kashrus, our Shechita, our Bris Mila all the usual things that they attack when they try to take away our Yiddishkeit, the base of our Yiddishkeit. They'll try to take away our Torah learning. They'll try to take away our Davening, our Shuls, our Torahs, anything they can do to stop us from making connection with Hakodosh Boruch Hu. They are going to bring a new Avodah Zorah into this world, instead of all religions. The greatest evil that ever was is now going to burst forth on the earth. It has already covered the earth but it's just not so evident. It will be evident when every bit of evil comes out and shows itself to the world, then Hashem will completely destroy it from its deepest roots. It will be destroyed forever.

So Am Yisroel make preparations. I don't mean that you have to save food. I mean your preparations should be doing Teshuva. Pesach is coming. We have to clean not only our houses, but our hearts and our minds, clean them out with a tweezer, get every inch of dirt out, so when we come to greet Moshiach we will be sparkling, sparkingly pure.
